

The background of the entire image is a close-up, high-resolution photograph of a dark-stained wood parquet floor. The planks are arranged in a traditional herringbone or chevron pattern, creating a complex, interlocking geometric texture. The wood grain is clearly visible, with varying shades of deep brown and black, and some lighter, natural wood tones peeking through the dark stain. The lighting is somewhat uneven, with brighter highlights on the raised surfaces of the planks and deeper shadows in the recessed joints, emphasizing the three-dimensional quality of the flooring.
